Career Objective

A enthusiastic Automotive Engineer looking to leverage the skills obtained, by contributing to the organisation.

Executive Summary

Jun.–Dec. 2019 **AutoCAD Trainee**, *Alive Tech Services, Nagpur*.
6 months AutoCAD trainee in Alive Tech Services, learned drafting of mechanical parts and printing layouts.

Education

2020–Present **Amrita School of Engineering, Coimbatore**, *Master of Technology*, *Automotive Engineering*.
Current SGPA: **9.06**

2016–2020 **Priyadarshini College of Engineering, Nagpur**, *RTMNU*, *BE*, *Mechanical Engineering*.
CGPA: **8.75** Percentage: **80.0**

2015–2016 **Kendriya Vidyalaya, AFS Jaisalmer**, *CBSE*, *HSSC*.
Percentage: **81.4**

2013–2014 **Kendriya Vidyalaya, AFS Jaisalmer**, *CBSE*, *SSC*.
CGPA: **9.4**

Projects

Mar. 2021 **Web-Development**, `https://derive-science.com`.

Jan. 2021 **LASER Security System using Arduino**, *Quarantine Fun*.
Made a LASER security system using Arduino Uno, Photo-resistor, Active Buzzer and LED. The system gave warning lights and alarm sound when the LASER path was obstructed.

2019–2020 **Structural Analysis of Two Station Notching Tool Die**, *5-S Industries Ltd*.
Did analyse the design of notching die, various manufacturing process in the industry, performed structural analysis of the die and looked for potential failure regions, proposed a new die design to the 5-S industries. Also published an article "A Review on Design and Analysis of Two Station Notching Press Tool Die".

2018–2019 **Thermoelectric Refrigerator**, *An Experimentation on HVAC*.
Made a working model of a Thermoelectric refrigerator which used the Peltier effect to function as a small heat pump or the Seebeck effect to act as a power generator. Parts used TEC1-12706 Thermoelectric Cooler 6A Peltier Module, 2 heat sinks, 2 Fans and W1209 Digital Temperature Controller Thermostat Module. It was capable of reaching a temperature of 4 °C and could be improved with better thermal shielding and sealing.

Certifications

Jan. 2021 **IBM Full Stack Cloud Developer Professional Certificate**, *Coursera*.

Sept. 2020 **Python for Everybody Specialisation**, *Coursera*.

Jan. 2021 **Responsive Web Design**, *freeCodeCamp*.

Mar. 2021 **Scientific Computing with Python**, *freeCodeCamp*.

Sept. 2020 **Introduction to Programming with MATLAB**, *Coursera*.

Dec. 2019 **AutoCAD**, *Alive Tech Services, Nagpur*.

Technical Skills

CAD AutoCAD, CATIA, Creo

CAE Abaqus, Adams, CarMaker

IT Skills

Programming Languages Python, C++, HTML, CSS, LaTeX, MATLAB

Software Wondershare Filmora, Catia v5, IPG CarMaker

Publications

May. 2020 **A Review on Design and Analysis of Two Station Notching Press Tool Die**.
Dr.Subhash N Waghmare, Pramod Kushwaha and Hitesh Kumar, Priyadarshini College of Engineering Nagpur, India. `https://doi.org/10.37896/jxu14.5/625` Volume-14-Issue-5-May-20. Journal of Xidian University.

Achievements

Aug. 2018 **Certificate of Appreciation**, *Mechanical Department*.
For excellent performance in fourth semester and obtaining 2nd position in Mechanical Department during session 2017-2018.

Aug. 2017 **Certificate of Appreciation**, *Mechanical Department*.
For excellent performance in first year and obtaining 2nd position in Mechanical Department during session 2016-2017.

Aug. 2017 **Letter of Appreciation**, *HOD, Applied Physics*.
For being in list of top 10 students in college who performed well in Applied Physics in 2nd semester during session 2016-2017.

Hobbies

- Youtubing
- Programming
- Arduino
- Badminton

Strengths

- Innovative thinking
- Time Management
- Learning Ability
- Creativity
- Resilience
- Leadership quality

Languages

Hindi	**Native Speaker**
English	**Fluent**
